

We the undersigned,

Citizens of Israel who wish it to be a safe and thriving country, are worried by the continued political stalemate and by the occupation and settlements activities which lead to further confrontations with the Palestinians and torpedo the chances for a compromise.

It is clear that the prospects for Israel's security and existence depend on the existence of a Palestinian state side by side with Israel. Israel should recognize the state of Palestine and Palestine should recognize the state of Israel, based on the June 4 1967 borders.

Your initiative for recognizing the state of Palestine will advance the prospects of peace and will encourage Israelis and Palestinians to bring an end to their conflict.
